*Class of 2022,*

*As I reflect on the last four years of your academic journey at Leominster High School, I cannot help but think of the strong determination, drive, and perseverance you have had during the historic challenges placed before you. You have faced monumental obstacles during your entire high school career as you have faced a global pandemic, disrupted school days and schedules, social justice issues within our country, and the loss of beloved classmates and faculty members. However, through all of these disruptions to normalcy, you have always remained positive and kept Blue Devil Nation moving forward though your ability to remain focused on the great school and community in which we live. As your Principal, I am most proud of your ability to stay the course and attain your goals.*

*The achievements throughout your four years have been celebrated each day as you have succeeded academically, artistically, and athletically. Many of you are leaving Leominster to attend terrific colleges and universities, enlist in our great military, or enter into the workforce immediately. You are prepared and will continue to make us proud through your actions. While at LHS, your talents on the stage have amazed and awed your classmates and community. The talents in the visual and performing arts have allowed us to shine on a state and national level. Finally, the athletic prowess by members of the Class of 2022 have proven strong as we have won individual and team championships during the year. And as always, thank you for a great victory over Fitchburg on Thanksgiving. However, the greatest achievement set forth by this class lies in your ability to celebrate the diversity and friendships created each day in our classrooms and hallways. As a class, you have supported each other during difficult days and smiled when we needed it most. The Class of 2022 will always be remembered for their kindness, empathy, and enthusiasm for life.*

*I wish you the best as you move forward and congratulate you on a job well done. You will always be a part of Blue Devil Nation.*

*Dear Class of 2022,*

*I want to thank the class of 2022 for not letting the sacrifices you experienced, this year and last, keep you from accomplishing your goal of graduating. You missed out on several traditional celebrations that go with a high school education as a result of the global pandemic. A lot was sacrificed leading up to this day, and I thank each and every Leominster Center for Technical Education innovation (CTEi) graduate for your perseverance and ongoing commitment to (CTEi) pride.*

*Much of what you as students went through was also experienced by your parents and guardians who struggled watching their sons and daughters experience such losses. There is no doubt in my mind that you would not have made it here without the ongoing love and support from your parents, guardians, and families at home and we thank all of them for their love and support.*

*Before me, I see a group of CTEi students who are so very different from their peers. CTEi graduates cannot help but stand out. They are CNAs, carpenters, machinists and drafting/CAD specialists, all before they cross this stage. They are apprentice plumbers and electricians, chefs/bakers, graphic artists, auto service technicians, collision repair specialists. They are certified computer technicians, HVAC/R and electronics technicians. Many will further their vocational aspirations, or pursue a college degree to become engineers, educators, dental technicians and architects. CTEi grads are unlike any other, you were made to stand out!*

*You wanted a place that would allow you to grow and try new things, learn and fail, all in a safe and supportive place. I hope that when you look back at your years here you can say that is exactly what you found here at CTEi.*

*As you leave high school and embark on to adulthood, ready to make your mark in this world, we are so honored to be part of your story. With every decision you make, every goal you set for yourself, I*

*only ask this, do not set the bar low. Demand more from yourself, set high expectations, and know that you are so capable.*

*May God bless you all and please keep in touch with us to share how everything is working out for you as you pursue your dreams. Let us celebrate your achievements with you. We get the most satisfaction out of teaching when we get to celebrate and share in your achievements. Lastly, I wish you all the best things in life, and remember we will always make ourselves available to assist you in any way possible should you ever need our help.*

*Class of 2022,*

*It seems like only yesterday that you came in as freshmen, ready to conquer anything that came your way. Little did we know that loss, heartache, a pandemic, and countless other obstacles would be thrown at you over the next four years. You have all personified what resilience, perseverance, and compassion mean, and you have taken every hit as an opportunity to become stronger both individually and as a community.*

*When you think back to the past four years at Leominster High School, we hope that you don't remember stressful assignments, late nights working or missed opportunities caused by the pandemic. Instead, we hope that you remember and cherish the friendships you have made, the memories you have created, and everything that you were able to accomplish as a class, even through adversity. The*

*strength you have gained, the perseverance and reliance your class has shown is immeasurable.*

*Thank you all for the laughs, the smiles, and the support for the past four years. We are honored to have been part of this journey with you! All of us here at Leominster High are excited to see where your future brings each and every one of you.*

*Best Wishes,*

# IN LOVING MEMORY OF...

ONALD

UCKER

*With the unexpected passing of Mr. Donald Tucker late in January of 2022, CTEi lost not only a teacher, we lost a colleague, a mentor, a husband, father, brother, uncle, and a friend.*

*Mr. Tucker was a 1971 graduate of LHS and a three-sport athlete, competing in track, ice hockey, and football. In 1970 he won MVP honors in the Thanksgiving Day game vs. longtime rival Fitchburg. You would never hear Mr. Tucker brag about it though. It came as a surprise to most of us to hear Mr. Tucker was an athlete because he never said much about it. Fortunately, his brother Richard Tucker shared those memories with all of us.*

*Mr. Tucker worked in the service industry as an auto collision repair technician and became a CTEi teacher in 1996. For twenty-six years you could see him teaching students in his shop at the far end of the CTEi main hall, helping them learn the craft of auto collision repair. He was like a second father to many of his students and his willingness to help students and fellow instructors was unparalleled.*

*In 2012, Longtime co-teacher, Mr. Larry Pierce, retired from teaching. This is when one of Mr. Tuckers former students, Mr. Alexander Scipione, developed such a passion for the trade that he left his job in the field and re-join his mentor, Mr. Tucker, as a fellow teacher in the CTEi auto collision repair shop.*

*Mr. Tucker was someone that every teacher became friends with. He was a patriarch among the CTEi staff and so many staff looked up to him for words of wisdom and encouragement throughout the years. He was so dedicated to his family: his wife of 44 year, Lueen, and his three children, Tia, Michael, and Eric.*

*CTEi will never forget Mr. Tucker, or the impact he had on so many students, families, and colleagues after 26 years of service to the Leominster Public Schools. We do not say goodbye to our friend and colleague, but rather, farewell Mr. Tucker. It has been a wonderful journey and I am sure we will meet again brother.*

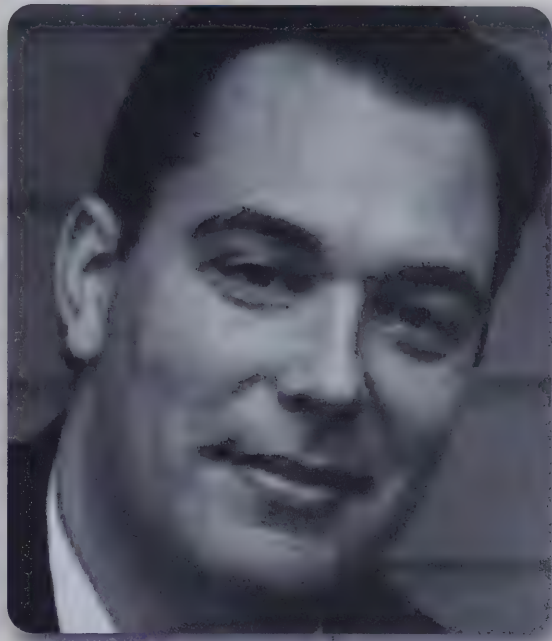

# IN LOVING MEMORY OF...

Patrick

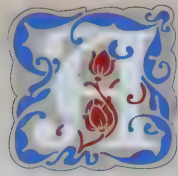

Foley

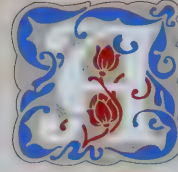

*Leominster High School and Blue Devil Nation lost a dedicated staff member and colleague when Mr. Patrick Foley passed away on September 20, 2021 after a courageous battle with cancer. Mr. Foley was a Special Education Teacher and had a larger than life presence with all of his students. His love of basketball, March Madness, and teaching was only second to his love and dedication to his wife Tracey and twin daughters Fiona and Madeline. Leominster High School is a better place because of Mr. Foley's laugh, positive energy, and dedication to his students*

# IN LOVING MEMORY OF...

AUSTIN

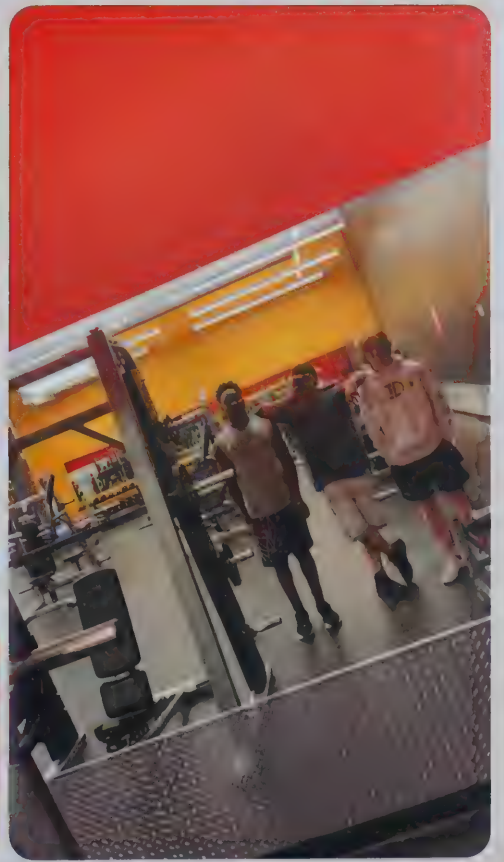

ARYEE

*Leominster High School and Center for Technical Education Innovation Community was saddened to lose a beloved member of the Class of 2022 prior to the start of their senior year. Austin Aryee passed away during a tragic swimming accident on July 21, 2021. Austin was known as a terrific young man that was emerging as a great friend, loyal son, and proud part of Blue Devil Nation. Austin was a vibrant part of the Electrical shop and many stories have been shared about his omnipresent smile and positive personality. Although Austin's life ended far too soon, the memory and impact he had on our school community will be remembered forever.*

# IN LOVING MEMORY OF...

ayky

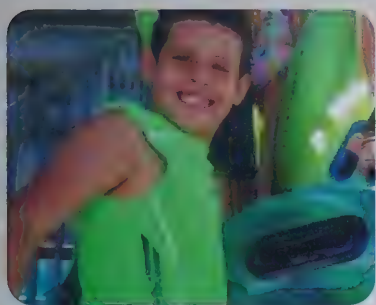

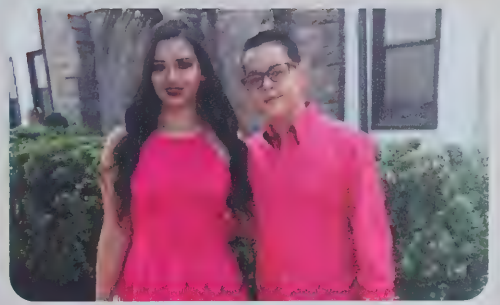

ereira

*Leominster High School and Center for Technical Education Innovation Community was saddened to lose a beloved member of the Class of 2022. After a battle with brain and spinal cancer, Ky passed away on December 30th, 2021. His community came together and showed unbelievable love, support, and hope while we all mourn the loss and celebrate his life in our unique ways. His memory will live on forever as we were all positively impacted because we knew Ky. "Ky was intelligent, funny, and one of the kindest young people I have ever met. He went out of his way to get to know everyone, and he had a knack for making people feel accepted and valued. The impact he had on our community is immeasurable."* -

*John Vancelette, LCE Principal*

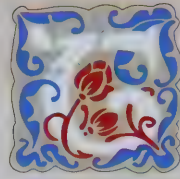

# IN LOVING MEMORY OF...

Nahkira

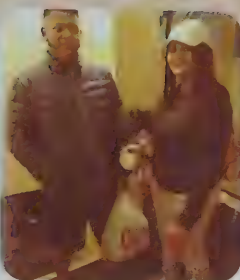

aylor

*Leominster High School and Center for Technical Education Innovation Community was saddened to lose a beloved member of the Class of 2022.*

*Leominster High School's Class of 2022 lost an enthusiastic member when Nahkira Taylor passed away just months before graduation. Nahkira was a successful young woman with a large group of friends and a loving family supporting her on her life's journey. Her omnipresent smile and positive energy was a direct reflection of her supportive family as she had terrific parents, brothers, sisters, cousins and an extended family of loved ones. She was an inquisitive and curious student that had hopes and dreams following graduation and will be remembered for her success in the classroom and being a great part of Blue Devil Nation. Nahkira always gave those around her a great sense of community and purpose each day through her great ability to connect with others and see life's bright sunshine each day. Although her life ended much too soon, Nahkira's memory will live on through others as she always made a great impact on her classmates, teachers, and our school community.*

# Special Thanks to....

## *Yearbook Committee*

Mr. Brideau, Mr. Hebert, Yanina Cambero, Celyn Cruz,  
Bianca DeBrito Oliveira, Christopher De Leon Rivas,  
Kylie Dupree, Carissa Kennedy, Isana Kunst, Julia Lanza,  
Jessica Lee, Brady McFadden, Aubreyanna Roy,  
Makenzie Thurell, Justin Swaine

Thank you to the talented students who made up our Yearbook Committee. They've spent the whole year working to create the best possible yearbook for the class of 2022, and we are proud to be able to share their creation with you guys.

## *Melony Letarte*

We would like to give special thanks to Mrs Letarte, who supplied us with pictures of events that we were unable to have covered by photographers. Thanks to her, we were able to add cover even more events than we thought we would be able to in this years yearbook. She helped make the pages of this book a bit more colorful and cheerful and we cannot thank her enough.

## *And to you, Class of 2022!*

The past four years have been insanely unpredictable and yet you've come out through all the hardships and you are graduating! I'm sure that when you started as freshman, this is not how you expected your four years of high school to go; a global pandemic and a year of school completely online. Leominster High School is so proud of you guys for being able to persevere and are so excited to be able to celebrate you graduating.
